TWO UM STUDENTS WIN
MATHEMATICS AWARDS

MISSOULA__

Two University of Montana students have been awarded N. J. Lennes prizes in mathematics.

Roger F. Harbin, Ronan, received the first prize of \$60, and Stuart A. McKeen, Whitefish, the second prize of \$40.

The prizes are awarded to sophomores on the basis of a competitive examination, according to Dr. Gloria C. Hewitt, an associate professor of mathematics at UM, who administered the contest.

The prizes were established by the heirs of the late N.J. Lennes, who for many years was a professor of mathematics at UM.

Harbin, who is son of Mr. and Mrs. Miles S. Harbin, Ronan, attended Ronan High School.

McKeen, son of Raymond A. McKeen, Whitefish, is a graduate of Whitefish High School.
